**DEMAND FOR COMPLIANCE AUDIT**

Re: RTC - CSI License Agreements & Ecclesiastical Authority of Scientology

Gentlemen:

This is a follow-up to our letters dated August 18, 2011 and September 7, 2011, the contents of which we adopt and incorporate as though fully set forth herein.

We request that you invoke CST's powers of oversight over RTC and (indirectly) CSI, and hire a highly reputable audit firm and, as may be appropriate, a law firm to work in liaison with the audit firm, and, where applicable, with persons trained in Scientology technology, to conduct a "Compliance Audit" of CSI. The audit firm, and, if applicable, the law firm and Scientology technical advisers, should be wholly independent of David Miscavige, and in the case of the lawyers engaged, independent of other Scientology organizations and their lawyers.

We request that the following matters to be thoroughly investigated and the results, along with any corrections and mechanisms put in place to ensure future independence of the CSI, be publicly disclosed:

1. Have the board members (trustees and general directors), officers, executive strata,

and senior technical terminals read and understood the RTC - CSI license agreements?

2. If not, this situation needs to be remedied, and a further inquiry made into who is/are responsible for this failure.

3. What is the actual practice of RTC with respect to CSI and the license agreements?

Note: A general survey of Scientologists should be conducted as part of the investigation into this area of inquiry.

a. Does/has RTC bypass/bypassed CSI or its members on ecclesiastical matters?

b. Does/has RTC supervise/supervised or manage/managed ecclesiastical matters?

c. Does/has RTC contact/had contact with Scientologists on ecclesiastical matters? (This includes, particularly, eligibility for Upper Levels.)

d. Does/has RTC manage/managed or otherwise involve/involved itself in the functions and decisions of the International Justice Chief (IJC), which is a CSI function, on matters of eligibility for Upper Levels and justice.

e. What is/has been the role of David Miscavige, directly or indirectly, on IJC matters? Is it true, as has been alleged, that RTC and Miscavige in particular, has a "black list" of persons arbitrarily denied eligibility?

f. Has RTC, directly or indirectly by oversight or management of CSI members or departments (such as OSA Int, IJC, etc.), involved itself in Scientology justice of Scientologists?

g. For each survey response claim of injustices and arbitrary handlings by RTC on ecclesiastical matters such as eligibility and justice, determine the merits of the claims, the person(s) responsible, and make recommendations to CSI for their repair, repeal or other remedies.

h. Does/has RTC give/given notices to CSI of matters it determined are in need of correction? Or, rather, does/has RTC demand/demanded compliance? (List all failures to give notices and determine the person(s) responsible.)

**Note:** As part of a remedy, if applicable, future notices should contain a notice that CSI may, pursuant to the license agreement, dispute the RTC finding and has a right to request arbitration of any dispute not resolved through communication. The notice should be in bold type in close proximity to the RTC demand for correction.

4. Has RTC relied on "standards for the nature and quality of all services rendered under and in association with " the license agreements other than:

A. "the Scientology Scriptures, as they exist upon the effective date of [the agreements] and

B. The "[a]dditional writing and recorded spoken words of LRH" that were added to the Scientology Scriptures that "[came] into existence and [were] adopted by CSI with the approval of RTC?

Notes: (1) A general survey of Scientologists should be conducted as part of the investigation into this area of inquiry. (2) This item should be viewed in the context of specific allegations of alteration of Scientology Scriptures by RTC and David Miscavige which will be covered in a subsequent letter.

A copy of this letter is sent to the persons listed below in the event that one or more of them is currently a special director of CST, or knows who currently is. A request is made to all recipients of this letter to forward a copy of it to anyone they know, or can readily determine, to be a special director. The past and current special directors of CST have legal liability and need to be informed of the contents of this letter immediately. And you may have liability for concealing from them this information.

Sincerely,
