

RJ 68 Reform Code

The following passage was extracted from the audio transcript of *Ron's Journal '68*, a talk by L. Ron Hubbard, beginning at 26:35 through 28:05:

“You probably read something about the Reform Code, the Reform Code of Scientology. We sent out actually, I think, oh I don't know the total international figure, I think in England alone, it was 100,000 mailing and we received back anything that the people thought should be corrected.

“And this resulted in the Reform Code, in which the sec checks were cancelled and all old folders on this had been burned, and disconnection is cancelled as a relief to those suffering family oppression. It is no longer required in SP orders, and the person has to handle. The Fair Game Law was cancelled and the prohibition against writing down or recording professional materials was made. And this was actually the extent of the Reform Code.

“The public at large generally thought we were all right. We didn't have to do anything more, but these were just the small items that they did say, so we released them as a Reform Code.”
